The Player Agents shall act in accordance with these rules, the League's bylaws, and all other such directions given by the Board. Any questions, comments, complaints, or other correspondence regarding team selection and player placement should be directed to the Player Agents. In making any discretionary decisions, the Player Agent's primary duty shall be to act in the interest of fair play and team equity.

B. Recreational team selection and player placement policies

1. It is not the policy of NGF to grant requests for placement with a specific division, team, coach, or other player, nor is it the policy of NGF to allow players to play outside of their age division. The League, however, may make certain exceptions to this policy using the guidelines established within these rules. Special placement requests along with an explanation shall be submitted in writing or electronically to the Player Agents no later than 48 hours before the close of registration. This is NOT a guarantee that the request will be granted.
 - i. In order to fill out team rosters or coaching positions in an upper division (excluding 6U), it may be necessary to allow a small number of qualified players to be moved to an advanced division. Placement in an upper division requires that the following criteria be met:
 - a. Players must have permission from their parents or legal guardians.

- b. Players must be within one year of the upper division in which they have requested to play and have played a minimum of 3 seasons (e.g., spring, All-Stars, fall) in their appropriate age division in a USA Softball league before being eligible to request to “play up” to the next division. At the Board's discretion, other non-USA Softball leagues may be considered as counting towards the 3 seasons (e.g., Little League). Players requesting to play up still must assess or evaluate with the division they are requesting to play up to.
- c. Players must participate in the evaluation for both the upper division they are requesting to play in as well as their League-age division.
- d. Players must be skill-qualified for the upper division in which they have requested to play. The player must also not be a safety risk. This determination will be made by the players' League-age division managers.
- e. Players must have the consent of their Player Agent and the Board.
- f. A request for placement in an upper division due to special circumstances may be made in writing to the Board. Any decision made by the Board is final.
- g. Placement in an upper division may be allowed during the spring recreational season but may not be allowed during the All-Star program or the competitive leagues (spring and fall Select), pending approval.

2. Players requesting to “play down” must submit a request along with an explanation in writing or electronically to the Player Agents no later than 48 hours before the close of registration. Placement in a lower division requires that the following criteria be met:

- i. Players must be within one year of the lower division in which they have requested to play.
- ii. Players must participate in the evaluation for both the lower division they are requesting to play in as well as their League age division.
- iii. Players must be skill-qualified for the lower division in which they have requested to play. The player must also not be a safety risk. This determination shall be made by the player's league age division managers.
- iv. Players must have the consent of their Player Agent and the Board of Directors.
- v. A request for placement in a lower division due to special circumstances may be made in writing to the Board of Directors. Any decision made by the Board is final.

- vi. Placement in a lower division may be allowed during the spring recreational season only but may not be allowed during the All-Star program or the competitive leagues (spring and fall Select).

C. Evaluations

1. It is the goal of the Board to give every recreational team a fair chance. Even with all the rules in place, it is up to the honor of the managers and coaches to play fair, make sure all players are evaluated, and all players play their best.
2. Evaluations will be held for all divisions except 6U.
 - i. The 6U teams will be formed by the Lower Player Agent based on friend/coach requests and school of attendance. In the absence of requests, all attempts are made to balance the teams by considering players' ages and years of experience.
3. Managers are required to keep their own evaluations and notes on players.
4. Teams in all divisions (except 6U) are formed by the managers and/or coaches using an evaluation as follows:
 - i. For each division, the Player Agents will establish a list of all players who have registered online before the deadline. This list will include each player's name, birthdate, years of experience in softball, years of experience as a pitcher, years of experience as a catcher, and seasons of All-Stars experience. This list is sent to the managers no earlier than 24 hours prior to the designated evaluation date.
 - ii. During evaluations, the girls are run through a predetermined set of offensive and defensive drills. Each manager will record their evaluation of each player's offensive and defensive skills. A five-point scale is recommended, but not required.
5. Pitchers and catchers must attend evaluations.
 - i. All pitchers and catchers from each division are evaluated. Managers are asked to rank the pitchers from one to X (One being the most skilled pitcher in the division, and X being the number of teams in that division) but ONLY if there are X players who are determined to be skilled pitchers. Managers are then asked to rank the catchers in the same way, but ONLY if there are X players who are determined to be skilled catchers. The managers will come to a consensus on both lists before they begin their draft. If a division has more than X pitchers or catchers, the managers can request to rank the remainder, but ONLY if the quantity can satisfy double the number of teams in the division.
 - ii. Pitchers and catchers with experience/ known pitchers and catchers not evaluated will be placed according to known skill level during the draft. Managers and Board Members will come to a consensus on a player's skill

and experience to determine where they would fall in their division's rankings.

- iii. Pitchers and/or catchers with experience/ known pitchers and/or catchers who no longer pitch and/ or catch and would like to remove themselves from the pitcher's and/or catcher's drafts, must submit in writing to the Executive Board within 24 hours before evaluation day, regardless if they attend evaluations or not. This request will render the player ineligible to play that position in the Tournament of Champions (TOC) and any regular season games that are counted toward standings and/or TOC seeding. Violation of this rule results in game forfeiture.

6.A manager may choose one assistant coach prior to evaluation day and submit it in writing to the Board. The assistant coach's daughter becomes a protected player.

- i. Coaching requests will be denied if both players are determined to be ranked pitchers or catchers.

D. Draft procedures

1.Pre-draft

- i. All managers will vote on which round every manager's player and protected player would be drafted. The majority vote will decide which round these players will be chosen by their managers. If a manager has a daughter or a protected player that is a ranked pitcher and/ or catcher, the manager's draft position in that round will correspond to the rank assigned to the player. E.g., if a manager's daughter is ranked as the #4 pitcher, the manager will draft #4 in the pitcher round, and must select their daughter.
- ii. All managers and Board members will discuss players who were not evaluated but who would like to be drafted on a team.
 - a. If two (2) or more managers and/or Board members can comment on a player's skill and experience, she will be included in the general draft.
 - b. If less than two (2) managers and/or Board members have knowledge on a player's skill and experience, she will be included in the blind draft.
- iii. The draft order will be determined by lottery immediately before the draft begins. A serpentine draft will be used, beginning with 1, and the last pick of that round will have two picks returning in a reverse order. Managers will begin the draft by choosing ranked pitchers first. Managers will re-draw numbers and will then draft ranked catchers. Managers will not re-draw numbers for the general draft.

2.Pitchers and catchers draft

- i. If applicable, managers will draft ranked pitchers in the first round. If applicable, the draft order will then be reversed, and a second round will be used to draft the remaining ranked pitchers.
 - a. All teams must have a pitcher and catcher before the general draft starts, except in the 6U and 8U divisions.
 - b. All teams shall have one ranked pitcher before any team has two, except sisters when both sisters are ranked pitchers.
 - c. Pitchers will be distributed equally whenever possible.
- ii. Managers re-draw numbers and will draft ranked catchers. If applicable, the draft order will then be reversed, and a second round will be used to draft the remaining ranked catchers.

3. General draft

- i. The draft continues in a serpentine manner until all evaluated players have been drafted onto a team.
 - a. When sisters play in the same division, managers will agree upon the round where the second sister would be drafted AFTER the first sister is drafted. The manager who drafts the first sister will automatically take the second sister in that predetermined round. Parents may also request to have siblings placed on separate teams.
 - b. After all evaluated players are drafted, the blind draft shall begin. The numbers of the girls in the blind draft are placed in a hat and, in the same order they were previously drafting, managers draw them out until all girls are placed on a team.

4. Draft trades

- i. Trades will be allowed at the end of the draft.
 - a. The division's Player Agent must approve all trades unless the Player Agent is a manager or coach in that division. In this instance, the Board or other Player Agent shall approve the trade. There shall be no appeal on any decision.
 - b. No trades will be honored after division managers leave the draft room.
 - c. If a trade is considered necessary because of special needs, the Board will hear the case and decide in the draft.

E. Player placement after team selection

1. The Player Agents may have the responsibility of placing players on teams after the draft process is over. The Player Agents' primary duty shall be to act in the interest of

fair play and team equity. All decisions are made by the Player Agents and are not subject to appeal.

2. The Player Agents shall place players allowing for an equal number of players on all teams in that division. No team shall have more than one player than the smallest team in the division.

3. The division may be closed after all teams have twelve (12) players.

XI. Non-Playing Rules

 - b. Volunteer whenever possible as a scorekeeper, team parent, coach, or other team official. Background checks must be cleared before any volunteer steps on a practice or game field.

2. Violations of the League's social media policy by a Board member, general member, manager, coach, parent, or other adult volunteer shall result in immediate removal from the League for the current season, or future seasons pending Board review.

3. Violations of the League's social media policy by a player may result in a verbal warning issued by the Board or removal from the league for the current season, or future seasons, pending Board review. A second violation of the social media policy in the same calendar year shall result in removal from the League for the current season, or future seasons, pending Board review.

4. Any individual may make an appeal in writing to the Board regarding the Board's decision. Any decision made by the Board is final.

 - 2. Games may be canceled or postponed by the Board of Directors within 24 hours' notice, for any reason.
- D. Field prep
- 1. The home team shall be responsible for pre-game field preparation. This includes marking baselines, placing bases, and obtaining game balls, etc.
 - 2. The visiting team is responsible for post-game field maintenance. This includes removing bases, dragging the infield, securing equipment, etc.
 - 3. Following every game, each team shall clean their side of the field and bleacher area, making sure all trash is in trash cans. Managers are responsible for dragging and watering the field and locking up any equipment after use, unless it is verified that another team will be using the field later that day.
 - 4. There shall be no infield warm up on the infield dirt before the game.
- E. Rules for all divisions
- 1. Players may not sit out more than two (2) innings per game unless a player has been benched under the stipulations outlined in Rule IX.G. One inning must be played in the infield.
 - 2. A player who leaves a game early will not be an out when her spot in the batting order comes up.
 - 3. A player arriving late will be inserted in the last spot of the batting lineup.
 - 4. If a team is missing their ranked pitcher and if truly no other pitcher is present, a pitcher from another team in the same division may substitute and pitch a maximum of two (2) innings. The substitute pitcher must bat last and play in the outfield for the remainder of the game. This option is not available during TOC.
 - 5. If a team is missing their ranked catcher and if truly no other capable catcher is present, a catcher from another team in the same division may substitute. Due to potential safety issues, there is not a limit to the number of innings the substitute catcher may catch; however, other catchers on this team should be used as much as

possible. The substitute player must bat last and play in the outfield for the remainder of the game. This option is not available during TOC.

6. Teams unable to field ten (10) players in 8U or nine (9) players in 10U, 12U, or 14U may bring in substitute players to meet the minimum number of players specified for each division. These substitute players can be from the same division or one division lower. With the exception of those players listed in Rule XIII.E.2 or Rule XIII.E.3, those players must bat last and play in the outfield the entire game.
7. If a team requires substitute players in the form of a pitcher and/or catcher (per Rule XIII.E.4 or Rule XIII.E.5 above) and the team otherwise has the minimum amount of its regular players to field a team (ten players for 8U and nine players for 10U, 12U, and 14U), the pitcher and/or catcher must bat last, and may only play in their needed positions on defense (pitching and/or catching). In this situation, the pitcher/catcher may not play in the outfield. When not pitching and/or catching, these players must sit on the bench when this team is on defense. The purpose of this is to provide the regular players on that team with all available field time.
8. Substitute players are not available for TOC. Teams must play with their regular season team players only.
9. Home team occupies the third base dugout.

XIV. All-Stars

A. Managers

1. All candidates interested in managing an All-Star team must be a manager or coach for NGF during the current season.
2. The Board shall solicit applications for managers which shall be submitted by the deadline set and the Board may conduct interviews. The Board may, in its sole discretion, determine that an applicant for manager is not eligible to manage or coach All-Stars if the applicant has violated Navajo Softball rules or otherwise acted with poor sportsmanship unbecoming of an All-Star Manager.
3. Voting for all divisions and levels (Gold, Silver, Bronze) will occur simultaneously. The vote will occur on a day designated by the board and must adhere to USA Softball rules. Rec league managers from each division will participate in the vote for all-star coaches in their respective division. Voting will occur using either in-person or electronic ballots to ensure secrecy. All managers for each level (gold, silver, bronze) will be selected at this time based upon total votes received. If an all-star manager declines the position, the next candidate with the subsequent highest number of votes will assume the position. In the case of a tie, a second vote will be conducted to break the tie. In person voters will have 20 minutes to conduct the second vote. Electronic voters will have one day to conduct a second vote. If, after a second vote, there is still a tie, the Board will vote to break the tie for all-star manager.
4. Once selected, All-Star Managers may select their coaches, team parent, and business manager for the All-Star team. Selections are subject to Board approval.
 - i. Managers shall attempt to ensure that there is an adult female on their staff, and must have an adult female present at all team events.

B. Teams

1. The Board shall determine the number of All-Star teams for the various divisions. 2. The number of teams per division will be based on the availability of pitching and catching.
 - i. Each division may have multiple teams if approved by the Board.
 - ii. Each team shall have twelve (12) players.
 - iii. Managers may request to carry a 13th player pending approval of the Board.

C. Players

1. The Board shall determine prior to the All-Star commitment process if open tryouts will be held prior to team selection. Rec managers shall attend any tryouts and evaluate players. Managers, including All-Star managers, are discouraged from running the tryouts and should be focused on evaluating players. Evaluations may be based on league play, select team play, All-Star tryouts (if applicable) and other experience managers may have with interested players.
2. A player who plays in a higher division during the recreation season may request to play in that same division during All-Stars. The player must be approved with a vote of $\frac{2}{3}$ by the division managers of the division the player is currently playing in and $\frac{2}{3}$ of the Board of Directors.
3. The following All-Star player selection process shall be used:
 - i. Managers for each division will submit a ranking of 9 total players for each team in a division. For example, if a gold and a silver team are formed, the managers shall rank their top 18 players and if a gold, silver and bronze team are formed, then the managers shall rank their top 27 players. The managers shall submit their ranking to the All-Star Coordinator or other designated person no earlier than May 1.
 - ii. The Board may disqualify any Manager's ballot that is submitted for obvious "bad faith" reasons (such as to get one's own daughter selected when clearly not qualified, or not selecting a clearly qualified player to affect the rankings). Managers shall vote for the "best" players in each age group.
 - iii. Each ranking shall be assigned a numerical value. If more than one team is formed, all ranked players must be selected for an All-Star team. Each ranking shall be assigned a numerical value in reverse order of ranking. (By way of example, a number 1 ranking player will receive 18 points, a number 2 player ranking will receive 17 points and a number 18 player ranking will receive 1 point.) The six players with the most votes will be on the Gold team. The Gold manager must pick the next three players from the ranked player list. The Gold manager may pick the final three players from anyone that applied to All-Stars. The process shall be continued for each team until all ranked players are selected. Once all ranked players are selected to a team, the All-Star manager may select any player that applied for All-Stars.
 - iv. In the event of a tie in the rankings that impacts selection (e.g., ranking of 6th or 18th) the managers shall re-vote to reach a final ranking order for those tied players.
4. The Board must vote to approve each team.
5. Any player who declines an offer to play on any All-Star team will be prohibited from playing All-Stars the following season.

D. Parents

1. All parents shall sign and comply with the All-Star Code of Conduct.
2. Players may be removed from the All-Star team by the Board because of persistent misconduct, including violation of the League's social media policy outlined in Rule XI.H. Any request for explanation or appeal shall be made in writing and directed to the Board. In making their interpretations and decisions, the Board's primary duty shall be to act in the best interest of the team. Any decision made by the Board is not subject to appeal.

E. Championship tournaments

1. The League will not provide any funds towards players' expenses in such tournaments with the exception of a National Championship Tournament. All requests for funds are subject to Board approval.
2. Players are prohibited from wearing any jersey or pants not provided by the League in any All-Star games.

XV. Spring Select and Fall Select Seasons (Warriors)

A. Managers

1. In order to be an approved Select manager, applicants are expected to have experience with competitive softball. Additionally, applicants must have managed and/or coached with NGF the prior year in any division, and have at least one season of experience as manager within NGF.
2. Interested applicants must fill out and submit an interest form by the designated due date and can be found on the NGF website.
 - i. This interest form does not constitute immediate approval for a position of a Warriors manager.
 - ii. The Player Agents will let all managers know if they have been approved prior to the close of registration.

B. Recruitment

1. Each approved manager will be responsible for recruiting players to their team.
2. Managers may NOT sign player commitment forms until board approved and the registration period has closed.
3. The minimum number of players a Select team may have in order to submit a roster for approval is eleven (11) players in the 8u division, and ten (10) in the 10U, 12U, and 14U divisions.
 - i. It is highly suggested that managers carry more than the minimum requirement; however, a team shall not exceed twelve (12) players unless approved by the Board.

- ii. In the fall season, a player not recruited by a manager will not play on a fall Select team, but will alternatively participate on a fall recreational team for the season.
- iii. In the spring season, players not recruited by a manager will not participate on a spring Select team and play on a spring recreational team only for the season.

C. Registration process

1. All players interested in participating on a Select team must be registered by the due date of the Select registration period.
 - i. The program registration can be found on the NGF website in the Registration tab.
 - ii. Per USA Softball, all spring Select players must ALSO participate on a spring recreational team, and attend at least 75% of their spring recreational team practices and games.
 - iii. Fall Select players shall only play on either fall Select or fall recreation. They may not play on both.
2. Interested players do not need to be recruited by a manager to register for a Select program.
 - i. Players that are not recruited by a manager will be designated as a “pool” player.
 - ii. The League may hold tryouts for pool players. If the League holds tryouts, the pool players should attend both the select tryout and the recreational evaluation.
 - iii. If interested pool players register with the League, it does NOT guarantee placement on a Select team.
3. Within the program registration, there will be questions that help provide information for our league’s Player Agents.
 - i. The checkbox requesting if the applicant is interested in Select MUST be marked off if a player would like to be considered.
 - ii. When registration closes all managers will receive a list of all Select applicant players.
4. Once a player commits to a manager’s Select team, the player and manager must sign and submit a Select acceptance form to the designated Player Agent. The Select acceptance form can be found on the NGF website after registration closes. No player shall officially commit to any team until after fall registration is closed. On the day following the close of fall registration, the player and manager may sign and submit acceptance forms.

5. Any player who signs a Select acceptance form and quits during the Select season is not eligible to play select the following season. A player may make a request to the board to allow a player to quit a team without consequences due to extenuating circumstances. The Board shall grant or deny the request in its sole discretion.

D. Team staff

1. All team staff will be selected by the manager.
2. Managers shall attempt to ensure that there is an adult female on their staff, and must have an adult female present at all team events.
3. Staff must be submitted and approved by the Board at least 48 hours prior to the start of season practices.
4. All team staff members must be background checked, insured and have SafeSport training completed before participating in any practices, games and/ or tournaments.
5. It is expected that all staff members represent NGF in a positive light and must hold themselves accountable at all times. Any behavior that does not abide by the rules and regulations of our league and/or USA Softball will be subject to dismissal.

E. Parents

1. Players may be removed from a Select team by the Board because of persistent misconduct, including violation of the League's social media policy outlined in Rule XI.H. Any request for explanation or appeal shall be made in writing and directed to the Board. In making their interpretations and decisions, the Board's primary duty shall be to act in the best interest of the team. Any decision made by the Board is not subject to appeal.

F. Rosters

1. Once a team is at capacity or has the minimum required number of players, the manager can submit their team roster to the Board for approval.
 - i. A team will not be allowed to begin practices or participate in any game play until the roster has been approved.
 - ii. A manager can add additional players to their roster after it has been approved, but they must abide by all previously outlined recruitment rules in order to do so.
 - iii. Per USA Softball rules, no spring Select team shall begin practicing or playing prior to January 1.

G. Substitute players

1. If a player is lost due to injury and/or illness at any time during a season, the team may request to borrow a substitute player.

- i. The substitute player must be currently registered and/or actively playing on a team with the league during that season.
- ii. All substitute players must be submitted to and approved by their division's Player Agent before they are used each game.

H. Refund policy

1. Players who are not recruited onto a Select program team can request a refund, but will be subject to a \$25 processing fee.
2. If a player is injured at any point during the season, they can request a refund less any applicable fees (e.g., processing fee, uniform, USA registration, pictures, tournament fees, etc.).
